The present document is a summary of a telephone interview which occurred between Examiner Jason Y. Pahng and the agent of record in the above-referenced Patent Application, Louis Tessier on May 25, 2006.

Claim 46 was discussed in view of Sawatsky (US Design 374,380). No agreement was reached during the interview. No exhibit was submitted by the Applicant. No proposed amendment was submitted during the interview.

The Applicant submitted that the prior art document cited by the Examiner does not include two surfaces usable for cutting

food and that the claimed invention differs greatly from the cited document. The Examiner argued that the surface identified as B in the office action is usable to cut small food stuff. No consensus has been reached and a reply to the office action issued before the interview has been previously filed.

Respectfully submitted,

Louis Tessier
